# FROM THE DESK OF TRUSTEES

**Shri Mohanbhai Gosrani**  
**Chairman**  
**College Management Committee**

Computer education has a pivotal role to play in the Information and Technological development of any country. Under the leadership of Oshwal Education Trust, Smt. CZMG BCA has headed for a better futuristic horizon in computer education. Knowledge, ability and competence are the core values that our education requires today. At Smt. CZMG BCA we understand and implement the same. We desire to endow students with the qualities that make them formidable candidates for the job. We are glad that our students have responded well to our positive gesture.

We have always emphasized and will emphasize on employable talent. We understand the corporate requirements during the global turmoil and accordingly we groom them to be able to handle the pressure and excel. They have accepted and realized that there is no alternative to BCA in modern day companies and as a result, in past also, we have been getting good placements for our students in reputed organizations. We are having very dedicated and qualified staff. The knowledge is imparted through problem-based learning, computer-assisted instruction and regular updating as per ever changing field of Computer and Information Technology. Education is more student driven rather than traditional, preachy and lecture-oriented. Today when Government is heavily burdened with the task of funding higher education and want to build skilled India, self-financed institutions serve as a great antidote.

We heartily welcome you to this center of academic brilliance and assure you that it will make a qualitative and quantitative variation in your life and career. We look forward to establish a strong bond with you.

# FROM THE DESK OF PRINCIPAL

**"The aim of education should be rather to teach us how to think, than what to think- rather to improve our minds, so as to enable us to think for ourselves, than to load the memory with thoughts of others because an educational system isn't worth a great deal if it just teaches young minds how to make a living but doesn't enlighten them how to make a life."**

CZMG has an unswerving dedication towards inculcating the right aptitude amongst our pupil. It is not just an educational degree that we provide but a perspective that will help students in their journey climbing through the rungs of the corporate ladder.

To reach the top you have to have a winning aptitude and this is what we instill in our students. Being just bright is not enough anymore; recognizing this we have taken steps to infuse our curriculum with challenging aspects that contribute to a comprehensive growth of the faculties grasp over the intricacies of global business practices that serve the young scholars for years to come.

Strong academic and training programmes tailored around the needs of the current business scenario and level of competition lend our students the edge to make it successfully through their careers. Fostering an environment conducive to learning and presenting a stimulating and challenging milieu is what we focus on, enabling students to develop and hone their own analytical abilities and learn to be adaptive and proactive.

An education at CZMG is a complex array of instructions and interactions that prove useful in their fields of practice and contribute towards their success over a period of time. It is an endeavor to carve an imposing personality capable of taking challenges and meeting goals consistently. It is an attempt at shaping your professional as well personal life so as not only to make you successful on the professional front but also a more responsible and conscientious human being. It is as much of an effort from us as a participation from you.

With the carefully crafted and intensively researched curriculum interspersed with aptitude and character building exercises, it is sure to be a life altering experience for a student. A commitment to better your present and your future is what we put forth; making the most of it is on your shoulders. Let us grow together and make a mark where it counts the most.

# PARENTAL TESTIMONIALS

Mrs. DHARMISTHA SANGHAVI

The beautiful thing about learning is that no one can take it away from you, and by saying this I mean to say that this college gave my child many new memories, new ideas, new friends and he got to learn many new things in this sector. The Staff here is wonderful, every student is given equal importance by them and they teach in a very cooperative manner that students can catch the topics

Mr. JAYSUKHLAL KANANI

Being a proud parent of two kids who have both been a part of this college, I have a lot to say about this college. This college has diverse opportunities that help you to grow in any field you wish to. My son excelled at sports and my daughter in academics. This simply proves my point. This campus has given them the precious memories they will cherish for their lives.

Mr. RAJESH D. KAKAIYA

Smt. C. Z. M. Gosrani BCA is a college that has pushed my daughter academically well with professors. My daughter has been able to pursue a well-rounded education that includes college-prep academics while being exposed to community outreach, clubs that enhance critical thinking skills and various sports.

Mr. PRITHVI HANS DHAR

The college is well equipped with lab facility. The college also provides some co-curricular activity (reading club, IT club) etc and encourages students by giving certificates for it. Recently, the college added the educational trip to an organization which is a very good step towards the betterment of students. The library is not only equipped with study books but it is also equipped with magazines and other books.

Mr. DIPAKBHAI BHEDA

Smt. CZMG BCA College has always been a symbol of knowledge. It is the best college for students who want to pursue BCA in Jamnagar. The idea behind the free Add-on course is to deliver industrial level knowledge to students and one can also earn by freelancing or doing a jobwork after learning this course.

Mr. AMITBHAI SUTARIA

Apart from academic CZMG BCA is also providing a good platform to the students for co-curricular activities and help them in their overall development. My son got many opportunities to showcase his talent in many activities at state level as university level and I think it's a good exposure.

Mrs. RUPALBEN BIBODI

My daughter Hiral Bibodi is very lucky to get support of the college like C.Z.M.G. During her 3 years in college she had got many opportunities to showcase her talent in the area of her interest and developed herself overall. At present she is in Pune pursuing her MCA but C.Z.M.G. had developed enough confidence in her to show her potential in every field of life.
